ATM Placement Coordination Agreement

Location Review + Provider Handoff

REVIEW TEMPLATE - UNSIGNED - COMPLETE TERMS AND OBTAIN APPROVAL BEFORE USE

1. Parties and limited coordination scope

This is a GPSS coordination template for review and completion. It is not a North-issued ATM, processing, financing, vault-cash or settlement contract. North and any actual equipment, cash or service provider must independently approve the location and enter their own required agreements. GPSS may coordinate the introduction, site review and follow-up only within its accepted authority.

GPSS legal contracting name

Host legal name / authorized signer

Site address

North program / representative

Actual equipment owner / installer

Actual service provider

Proposed equipment reference

GPSS associate / referral reference

2. Conditions before installation

Obtain written provider approval, host/landlord permission, site survey, full fee schedule, approved equipment and an accepted service plan. Confirm accessible placement, safe anchoring, power and approved connectivity. No free ATM, approval, transaction volume, earnings or installation date is guaranteed by an inquiry or this unsigned template.

3. Responsibility and financial boundaries

Identify the responsible party for each function below. Do not enter account numbers, passwords, PINs, cash quantities or replenishment schedules in this packet or a public form. Use the provider-approved secure channel for those details. Host and GPSS must not independently load cash, open equipment or alter security controls unless specifically authorized under the applicable provider agreement.

Equipment / installation responsibility

Cash loading party (name only)

Connectivity / utility responsibility

Processing / settlement provider

Fees and host compensation reference

4. Provider terms, service and exit

Provider agreements govern provider equipment, transactions, settlement, cash services, network requirements, fees and provider support. This coordination document cannot amend or bind North or an unsigned third party. Attach the accepted maintenance schedule only where the responsible provider signs or accepts it. Suspend installation if material responsibilities conflict or remain unassigned. Record change approval, termination/removal process and final reconciliation in the applicable agreements.

Service schedule / acceptance reference

Coordination fee / payer or NONE

Coordination cancellation / notice terms

Host signer / title / date

GPSS signer / title / date

Provider acknowledgement reference

Complete all blanks and obtain qualified review before use. Provider acknowledgement is not implied. GPSS has not executed this document; the website does not collect binding electronic signatures.
